

Interested in joining a dynamic team dedicated to eliminating cancer health disparities?

CRCHD Disparities and Equity Program Program Director Position, GS-12/14

The NCI CRCHD's Disparities and Equity Program (DEP) is looking for a motivated individual to join the team as a Program Director. This individual will identify, promote, and manage research agendas seeking to address and eliminate cancer disparities and health inequities.

As a Program Director in DEP, the selected candidate will support a wide range of health disparity-related activities including identifying and developing new research programs, administratively managing a portfolio of research grants, conducting analyses and evaluations of the funded portfolio, and promoting CRCHD's mission to the extramural community. Familiarity with various NIH funding mechanisms and the ability to lead discussions with researchers in the areas of cancer and cancer health disparities is strongly preferred.

The successful candidate will have a master's or higher-level degree (Ph.D., M.D., or D.V.M. preferred) in the behavioral or social sciences. Expertise in cancer and cancer disparities research is strongly preferred.

Please find detailed information below:

- Job Title: Social and Behavioral Scientist Administrator (SBSA)
- Series and Grade: GS-0101-12/14
- Position Information: Full time-permanent
- Duty Location: Shady Grove, MD

For additional information, please contact: Dr. Tiffany Wallace, Lead of Disparities and Equity Program, CRCHD, tiffany.wallace@nih.gov or or 240-276-5114.

NCI's Center to Reduce Cancer Health Disparities is central to NCI's efforts to reduce the unequal burden of cancer in our society via basic and community research, as well as networks, and to train the next generation of competitive researchers from diverse populations in cancer and cancer health disparities research.

The Disparities and Equity Program supports research aimed at eliminating cancer disparities and health inequalities.
