NCI Funding Opportunities for Cancer Training

The career stage indicated is when an applicant is eligible to apply for each award.

PREDOCTORAL

POSTDOCTORAL

EARLY CAREER INVESTIGATOR

ESTABLISHED INVESTIGATOR

<u>F30</u>, <u>F31</u>, <u>F99/K00*</u>

Individual Fellowship (F) awards designed to train you in all areas of cancer research. The F99/K00 is a phased award that helps predoctoral researchers advance to a postdoctoral cancer research position.

F32, K01, K08, K22[^] K25, Early K99/R00[^], K99/R00[^]

Individual Fellowship (F) & Career Development (K) awards are designed to prepare postdoctoral cancer researchers for research independence. The NCI K22 awards are activated after tenure track academic appointments are secured.

K01, K08, K25, K43

Early career researchers are transitioning to fully independent positions as investigators with academic appointments. Individuals from low-or-middle-income countries can apply for K43 awards.

<u>D43, K12-PI,</u> <u>K12-PI, K25,</u> R25-PI, R25-PI, T32-PI

Predoctoral and postdoctoral researchers can apply at R25 and T32 organizations to be trained on those awards. Postdoctoral clinical scholars can be appointed to K12 awards. Individuals at low-and-middle-income countries can participate on D43 awards.

Loan Repayment Programs (LRPs)

The Continuing Umbrella of Research Experiences (CURE)

KEY

F = Fellowship

K = Career Development

R = Research

T = Training

- * = Non-U.S. citizens eligible to apply
- = NIH Intramural postdocs eligible to apply
- -PI = The principal investigator of the application must be an established investigator
