

## Mandatory Trainings for NCI Fellows

The following trainings are mandatory for **ALL NCI fellows**. The majority of the listings below should be completed online within the first month of joining.

- NCI Fellow Orientation (1hr virtual seminar offered monthly by NCI CCT)
- Your Rights and Responsibilities as a Trainee (offered monthly by OITE)
- [NIH Information Security and Information Management](#)
  - NIH Information Security Awareness, Counterintelligence, and Emergency Preparedness Course (1hr online course)
  - NIH Remote Secure Computing (1hr online course) – if you are working remotely for any portion of your training
- [NCI Mandatory Anti-Harassment & Civility Training](#) (online in the LMS)
  - NIH Anti-Harrassment
  - NIH Implicit Bias
  - One additional training, your choice (Civility, Bystander Interventions, or Unconscious Bias)
- [Responsible Conduct of Research Training](#)
  - NIH Research Ethics course – 1hr online course (by OIR)
  - Annual Ethics Case Studies – 1hr completed within your group once per year
  - Ethics in Research Training Workshop – 5 to 6hrs taken once within the first year (by OITE)

Based on your research group and the type research being conducted, you will also be required to take additional trainings.

- Laboratory Safety at NIH
- Working Safely with HIV and Other Bloodborne Pathogens
- Protection of Human Research Subjects
- Using Animals in Intramural Research
- Radiation Safety Course
- Shipping Biological Materials
